Management Comment:

Commenting on performance, **Mr. Ketan Patel, Chairman & Managing Director of Creative Newtech Limited** said:

"I am glad to say that we have continued our growth momentum into the second quarter of this fiscal year. While global markets continue to recover from macro-economic volatility and geo-political tensions, demand for several products has continued to grow. The shift towards digital technologies continues to drive demand. Our agile business model, selective strategies and niche portfolio help us remain at the forefront of our industry."

In the quarter ended September 2023, our standalone total income grew 33.33% YoY to Rs. 417.54 cr. EBITDA and PAT increased 6.00% and 4.16% YoY to Rs. 9.86 cr and Rs. 5.37 cr, respectively. This growth was mainly driven by demand for products from brands like Samsung, Honeywell, Cooler Master and View Sonic, among others. A change in the product mix had a bearing on the margins.

We are selectively focusing on key niche brands where we see scope for growth while leveraging our widespread network. Our EB segment performed well this quarter as well, with revenue growing substantially. During the quarter, we added Ruark, a UK-based premium

audio entertainment brand. We shall bring their range of products to the Indian market, where there substantial scope for growth, especially among the music enthusiasts and professionals.

We are also increasing our focus on our Honeywell portfolio which is really picking up pace. Overall, we have entered the third quarter with an optimistic outlook. Our focus remains on keeping a lean business model and ensuring long-term, sustainable growth for all stakeholders.

I would like to thank the entire team for their dedication, which drives the Company forward.”
