Management Comment

Creative Peripherals

Commenting on the Company performance, Mr. Ketan Patel, Chairman & Managing Director of Creative Peripherals & Distribution said:

“Like every other industry and sector, our Company also faced headwinds from the nationwide lockdown during most of this quarter due to the COVID-19 pandemic. We had factored this effect and expected a contraction in our business and financial performance for Q1 FY21. Our topline was Rs. 64.53 cr, with an EBITDA and PAT of Rs. 1.90 cr and Rs. 0.58 cr, respectively, in Q1 FY21. This represents operations of less than two months, since we started reopening gradually by end of April, and at 20-30% capacity. However, I am happy to share that even during such times we have remained profitable, which reflects our Company’s resilience and adaptive capabilities.

On the business front, we have continued to see demand for imaging, IT and gaming products during this period, especially since online channels reopened sooner than brick and mortar stores. We retained all our workforce and continued to incur fixed expenses during the lockdown, which adversely affected EBITDA margins. Moreover, to contribute to our nation’s fight against COVID-19, we launched our own ‘B-Safe’ range of personal medical products that have gained traction since launch.

I am happy to share that we renewed our licensing agreement with Honeywell for another five years, as well as signed up for distribution of their products across 29 countries, covering the APAC and Middle East regions. Our deep and long-term association with Honeywell reflects the unique value that such a Fortune-100 company sees in us, and would set an example for other global brands wishing to adopt the licensing business model.

On a brighter note, we launched our own inhouse-developed online digital B2B eCommerce platform – Ckart – in August. We are very excited about this platform and expect it to drastically enhance our top line and profitability. Ckart will benefit our existing customers as well as help expand our client-base. Especially during these current times as more businesses are going digital, this platform is a future-ready offering.

We continue to strive to be the go-to market entry specialist for experiential brands seeking entry into the Indian markets. I would like to thank our team and all our stakeholders for their invaluable support and belief in us which drives us to set & achieve higher benchmarks.”
